Attention: Andrew Wertz, Project Manager

Subject: McAsphalt – Hamilton Terminal – Gangway Closures

Gentlemen,

Thank you for once again demonstrating the superior standard of customer care and quality experienced at the McAsphalt Project. Once again, Bermingham continues to set the standard for the industry.

The project was challenging due to location and proximity to the water, but your team went above and beyond what was expected to complete the project 3 days ahead of schedule; while sustaining the highest standard of safety, environmental care, and quality control.

It's through experiences such as those described above, that we will continue to turn to your firm for all our specialty foundation and marine needs going forward.

Thank you again for your efforts, and look forward to working with you again in the near future.

Yours Truly,

THE BARCLAY CONSTRUCTION GROUP INC.
