**Attention: Mr. Andrew Weltz**  
**Project Manager**

Dear Sir:

**Reference: Waterloo WWTP Contract #3 – Waterloo Ontario**

Please accept this letter as our thank you for your firm's efforts on the Waterloo WWTP Contract #3 project. Your cooperation, professionalism and work ethic were a testament to the strong reputation Birmingham holds in our industry. The sheet piling and micro-pile installations proved to be more challenging than one could have estimated. Birmingham, acting as a true construction partner, stepped up to the plate working long hours and providing additional crews and equipment as required to help keep the project schedule.

It was a pleasure to work with Birmingham's experienced construction team on this project. We look forward to another successful project completion in the near future.

Yours truly,

**GRAHAM CONSTRUCTION AND ENGINEERING, A JV**
