RE: Aura Condominiums – Jastek Lakeside Properties Inc.

Dear Andrew,

I wanted to take the time to thank you for your efforts on the Aura project. We appreciate the extra attention that you gave to this project to ensure that it was successful.

Given the difficult soil conditions and parameters of the project, your company and crew were able to walk us through the process with confidence and professionalism. It was a great pleasure working with you and your crew on this project and look forward to working with you in the future.

Regards,

Rob Lair, P. Eng.
Operations Manager,
Pichler Group of Companies
