**Attention:** Andrew Weltz, P.Eng.

**Re:** Hampton Inn  
Sarnia Ontario

---

On behalf of Reimar Construction Corporation, I would like to formally thank Brian Abele, along with his entire team for a job well done.

The above noted project demonstrated several obstacles that Birmingham continually worked with us to overcome. Probably the most challenging was a strict time frame in which Birmingham exceeded expectations, completing their scope ahead of schedule. This was achieved while maintaining a high standard of safety and quality control.

Throughout the project we were met with professionalism and a problem solving attitude from Birmingham's management, as well as their on-site crew. Again, I would like to thank Birmingham for their efforts and look forward to working with them again in the future.

Regards

Reimar Construction Corporation

Derek Farias
