

Soletanche Bachy Canada is an engineering and construction company providing innovative geotechnical solutions for projects across North America. We are a subsidiary of VINCI, one of the world's largest construction companies with over 220,000 employees in 120 countries.

Our subsidiary, Birmingham Foundation Equipment is a leading edge foundation equipment manufacturer, selling their products around the world. We are currently looking for a Financial Analyst to work with both of these organizations at our office located in Hamilton, Ontario.

Job Duties & Responsibilities

- Studying and collecting data to determine the cost of business activities and prepare periodic reports.
- Maintain our financial control and performance reporting system in accordance with company policies and procedures.
- Maintain and enforce appropriate internal controls of financial and operational processes.
- Maintain fixed asset schedules, prepare and post depreciation entries.
- Prepare monthly bank reconciliations and various other general ledger account reconciliations.
- Prepare monthly HST filings.
- Assist with monthly financial package.
- Assist in preparation of forecasts, budgets, and special reports as required.
- Assist in capital expenditures request analysis.
- Improve systems and procedures and initiate corrective actions.
- Participate in continuous improvement initiatives.
- Assist with our mid-year audit review and end of year audit.

Qualifications:

- Degree in business with an accounting major (a professional accounting designation is considered an asset).
- Excellent understanding and thorough knowledge of accounting principles, procedures, and controls
- Superior excel and computer skills.
- Minimum 2 years of accounting experience in a civil engineering, construction, or manufacturing environment.
- Ability to work independently, prioritize projects, and meet deadlines in a timely and effective manner.
- Ability to collaborate with a multi-department team.
- Detail oriented with excellent oral and written communication skills.
- Previous experience with Oracle and/or Infor ERP Visual accounting software is considered an asset.
- Previous experience working in a multi-divisional, multi-currency company, with inter-company transactions is considered an asset.

Thank you for applying. We will only be contacting candidates selected for an interview. Soletanche Bachy Canada is an equal opportunity employer and we would like to encourage members of a visible minority to apply.
